The Congressman Says:—

10 Cents

I am a Congressman.  
Let me add my endorsement of "Helmar" Turkish cigarettes.  
I have smoked "Helmar" for years with keenest pleasure.  
I have introduced "Helmar" to many of my colleagues both in the Senate and the House.  
They are as enthusiastic about "Helmar" as I am.

The mildest tobacco for cigarettes is Turkish.  
The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until you have tried "Helmar," a fascinating, elevating, gentleman's smoke.

Ask Your Neighbors.

It used to be the custom—and may be now on remote farms—for the housewife to use her own knowledge, good sense and judgment in dealing with sickness in the family before sending for the doctor, unless in serious emergencies. After that, when there was no immediate danger, she would talk with her neighbors, women who had had experience with sickness.

Any woman who suffers from ailments peculiar to her sex will do well to ask her neighbors. She should easily find one who has used Lydia E. Pinkham's Vegetable Compound. Just ask her about it!—Adv.

CHILDREN WE WORRY ABOUT

Close confinement in school during the past winter, overstudy perhaps, an attack of the grip or tonsillitis, some one of these things is doubtless responsible for the condition of the child who shows a decline in health now.

What are the symptoms? Pallor and languor, a flicker appetite, dark rings under the eyes, bronchial colds. Very often the best efforts of the family physician fail in such cases and the condition of the child causes the most intense anxiety. Cod-liver oil, so often prescribed, generally fails because the weak stomach is unable to digest fats.

Try this treatment. Before breakfast each morning give the child the juice of half an orange. After the noon meal give one of Dr. Williams' Pink Pills. Keep this up for a few days, and then give one of the pills after the evening meal also. Weigh the child before beginning the treatment and again after two weeks. An increase in weight of from two to five pounds will show you that you are on the right track at last. Care is necessary in the diet of the patient and it will be well to send to the Dr. Williams' Medicine Co., Schenectady, N. Y., for a diet book and the pamphlet, "Building Up the Blood." Both are free. Your own druggist sells Dr. Williams' Pink Pills.

Don't Paint With Mud!

What is in paint is as important as how paint is put on. The best painter in the land cannot make worthless mixtures of crushed rock and ground earths stay put. Imitation paint lacks the clinching qualities and elasticity that paint made of
